

Vape Cart Disclosure

Triple M's vape cart products have been tested for contaminants, including Vitamin E Acetate, with no adverse findings. No vape carts that Triple M manufacturers or sells has any Polyethelene Glycool (PEG) or Medium Chain Triglycerides (MCT).

WARNING: Vaporizer Products may contain ingredients harmful to health when inhaled. You may request to inspect a copy of Triple M's testing results for this vape cart.

Unless otherwise noted, e cartridge holding the vape concentrate is manufactured by Jupiter and comprised of the following components: glass fluid holder; glass mouthpiece; SnCo-plated brass atomizer shell, base and airway tube; nichrome heating element; ceramic wick; cellulose atomizer retaining wrap; and silicone seals.

If you wish to inspect a copy of the associated testing results of the product you are purchasing, please let your Triple M dispensary agent know and they will be happy to review them with you.
